DRAFT AMENDMENTS TO WHITE CITY CODE

Preface

In 2018, codification and administration of the Municipal Code began in-house under the direction of the Greater Salt Lake Municipal Services District and with the assistance of Municipal Code Corporation. This Municipal Code shall be cited as the White City Code or “WCC” as an acronym.

WCC is fully current, but we are in the process of reviewing various hard copy ordinances to perfect the existing legislative histories of each section.

This Municipal Code maintains a structure by subject matter using a decimal numbering system identifying the Title, Chapter, and Section (for example: 1.01.010).

- The first number in the sequence (Title **1.01.010**) designates the **Title** level
- The second series of numbers (Title **1.01.010**) designates the **Chapter** level
- The last series (Title **1.01.010**) designates the **Section** level

This complete set of numbers is designed to aid in searching the Municipal Code and to assist in subsequent codification as new ordinances are added to the Municipal Code. Vacant titles, chapters, or sections may be designed for future use and may be marked “Reserved” to ease internal expansion.

To outline, give structure, and more granularly reference the legislation herein, the following list order or pattern of ascending alphanumeric characters is used: **A, 1, a, (1), (A), (a)**. Drafting future legislation with this list order reconciles it with the online code’s list order. To forego the naming of each list item and to more granularly reference legislation that employs alphanumeric characters, use “Part” (always capitalized) followed by the desired alphanumeric reference(s), comma separated. For example, “Part B,7,d”, specifically references item “d”, of item “7”, of item “B”—whereas “Part B” refers more generally to any or all of Part B’s descendants. References herein revealing “**Utah Code**” implies a reference to the Utah State Code.

The legislative history beneath a legislation’s content identifies the specific legal sources, and may be provided to substantiate the online code.

The Municipal Code is supplemented from time to time with amendments and additions made by White City. The specific legal sources that comprise this Municipal Code have been adapted during the codification process from the original formatting of the official hard copy. In the event of discrepancies between the online Municipal Code and the official hard copy, the official hard copy governs. Municipal Code Corporation, provides a searchable database of the Municipal Code for easy reference and convenience.

NOTICE: THE MUNICIPAL CODE MAY NOT REFLECT ALL OR THE MOST CURRENT VERSION OF LEGISLATION ADOPTED BY THE CITY COUNCIL THAT HAS YET TO BE UPDATED ONLINE. IN THE EVENT OF CONFLICT BETWEEN THE MUNICIPAL CODE AND A WRITTEN ORDINANCE, THE ORDINANCE TYPICALLY GOVERNS. ALSO, THE MUNICIPAL CODE MAY NOT REFLECT RULES OR OTHER REGULATIONS PROMULGATED UNDER THE AUTHORITY OF THE CODE, INCLUDING TECHNICAL SPECIFICATIONS. FOR MORE INFORMATION CONTACT THE CITY.

Chapter 1.16 ADMINISTRATIVE HEARING

1.16.010 Short Title

This chapter shall be known as the "White City Administrative Procedures Ordinance."

1.16.020 Purpose

The city council finds that the enforcement of the White City ordinances, policies, regulations, and applicable state statutes is an important public function vital to the protection of the public's health, safety, welfare, and quality of life. The city council further finds that providing a hearing to city employees, citizens, and city agencies relating to the enforcement of ordinances, policies, regulations, and applicable state statutes through an administrative procedures process conducted by independent, law-trained administrative judges comports with basic due process, simplifies and expedites hearings benefitting the city and citizens, minimizes the impact on the judicial system, and provides flexibility in both the hearing process and in determining remedies and responsibilities.

1.16.030 Scope

The provisions of this chapter may be applied to any violations of the White City ordinances, policies, regulations, and applicable state statutes which occur within unincorporated White City or relate to such activities subject to White City operations and jurisdiction. No judicial review shall be available to any citizen or city agency if the provisions of this chapter are not followed. Failure to timely request and participate in an administrative review under this chapter shall bar any action in the state or federal courts by an aggrieved citizen, city employee, or city agency.

1.16.040 Other Remedies And Criminal Prosecution

The city shall have sole discretion in deciding whether to pursue civil remedies or seek administrative enforcement for the violation of any of its ordinances, policies, regulations, and applicable state statutes. This chapter shall not limit the powers of the attorney of White City in pursuing criminal charges for the violation of any city ordinances or state statutes, in addition to any civil action the city may take unless prohibited by state statute.

- K. **“Electric Personal Assistive Mobility Device” or “EPAMD” or “Powered Wheelchair”** means a self-balancing, two non-tandem wheeled device or powered wheelchair designed to transport only one person with a mobility disability, powered by an electric propulsion system, with a maximum speed of less than twenty (20) miles per hour. EPAMDs and powered wheelchairs used by individuals with mobility disabilities are exempt from the operational restrictions of this chapter applicable to micromobility devices and shall be permitted on sidewalks, shared-use paths, and other public ways in accordance with the Americans with Disabilities Act (ADA) and Utah law. Nothing in this chapter shall be construed to prohibit or unduly restrict their use.
- L. **“Micromobility Device”** means a wide range of small, lightweight vehicles operating at speeds typically below twenty (20) miles per hour and driven by users personally. Micromobility devices include, but are not limited to, bicycles, scooters, e-bikes, e-scooters, electric skateboards, hoverboards, segways, one-wheels, and similar personal transportation devices, but do not include gas-powered scooters, motorcycles, mopeds, or other gas-powered devices, or EPAMDs/powering wheelchairs as defined above.
- M. **“Shared Mobility Device”** means a bicycle, e-bike, e-scooter, or similar micromobility device made available to the public for rent or hire through a shared mobility device program. This definition does not include motorcycles, mopeds, or any power-driven device used by individuals with mobility disabilities for the purpose of locomotion.

It is unlawful for the parents or guardian of any child or the guardian of any ward to authorize or knowingly permit any child or ward to ride, operate, possess, or use a bicycle or micromobility device in violation of the provisions of this chapter.

11.34.30 General Operation – Traffic Laws Apply

- A. The provisions of this chapter applicable to bicycles and micromobility devices shall apply whenever a bicycle or micromobility device is operated upon any street, sidewalk, trail, or public property in the City, subject to exceptions stated herein or unless otherwise posted.
- B. Every person operating a bicycle or micromobility device upon a roadway, public parking lot, bike lane, or other public vehicular right-of-way in the City shall be granted the same rights and shall be subject to the same responsibilities applicable to a motor vehicle operator by the laws of the State of Utah and City ordinances, except where provisions by their nature can have no application to micromobility devices, or where this Chapter directs otherwise. Micromobility devices operated on sidewalks or trails have the same responsibilities as a pedestrian, except as otherwise provided.
- C. Any peace officer operating a micromobility device in the course and scope of official duties is exempt from certain requirements if responding to an emergency call, engaged in rescue operations, or in immediate pursuit of a violator of the law. This does not relieve the officer from the duty to operate with due regard for the safety of all persons.

11.34.40 Age Restrictions, Helmets, and sobriety

- A. Riders under twenty-one (21) years of age must wear a properly fitted CPSC-approved helmet when operating an e-bike or e-scooter on any public road, path, or trail.

- D. No person under sixteen (16) years of age may operate a Class 3 e-bike.

- E. E-scooter riders shall be at least eighteen (18) years of age. An owner or operator of a shared e-scooter shall not authorize or knowingly permit a person under eighteen (18) to operate it.
- F. No person shall operate a bicycle, e-bike, e-scooter, or micromobility device while under the influence of alcohol or any drug to a degree that renders the operator incapable of safely operating a motor vehicle (Utah Code § 41-6a-502 and § 41-6a-1115.5).

11.34.50 Required Equipment and Safe Operation

- A. All micromobility devices must be in safe operating condition with working brakes that allow the device to stop when engaged.

Every micromobility device when in use at nighttime (between one hour after sunset and one hour before sunrise) shall be equipped with a front lamp emitting a white light visible from at least five hundred (500) feet to the front, and a red reflector or rear red lamp visible from fifty (50) to three hundred (300) feet to the rear when in front of lawful upper beams of headlamps on a motor vehicle.
- C. All e-scooters and e-bikes shall be equipped with a working bell, horn, or other sound mechanism (but not a siren or whistle).
- D. No micromobility device shall be used to carry more persons at one time than the number for which it is designed and equipped.
- E. Every person operating a micromobility device shall maintain control, keep at least one (1) hand on the handlebar at all times, and shall not carry anything that prevents full control or obstructs vision.
- F. While operating an e-scooter or e-bike, riders shall not use a handheld wireless communication device in a manner that prevents use of both hands for control.
- G. Riders must yield the right-of-way to pedestrians at all times and yield to other trail users as appropriate. When approaching pedestrians from behind on a shared path or trail, riders shall reduce speed and give audible warning prior to cautiously overtaking and passing.

11.34.60 Speed

No person shall operate a bicycle or micromobility device at a speed greater than is reasonable and prudent under the conditions then existing, or on a street at a speed greater than the posted automobile speed limit, or on a trail at a speed greater than any posted micromobility device speed limit, nor in a negligent manner or at a speed on sidewalks or paths as to impose danger to pedestrian traffic. Maximum speed on shared-use paths is **ten to twenty (10–20)** mph depending on conditions and signage.

11.34.70 Obedience to Traffic Control Devices and Roadway Rules

- A. Operators shall obey all official traffic signals, signs, and control devices applicable to vehicles, unless otherwise directed by a police officer.

- B. No person shall ride a micromobility device on a roadway against the flow of motorized vehicular traffic, except where permitted by official signs or markings.
- C. Every person riding upon a two-way roadway is entitled to use the lane appropriate for the intended destination, including the right-most lane. Riders may use the full lane if it is not wide enough for a car and micromobility device to safely share. On one-way roadways, operation in any existing lane is permitted.
- D. The rider of a micromobility device traveling at a rate of speed that delays following vehicles shall, when it is unlawful or unsafe for the following vehicle to pass, move as far to the right as practicable (or left in left lane of one-way), except when within fifty (50) feet of an intersection.
- E. Where a bike lane is present, the rider shall use that lane and shall not use the roadway except when the lane is of insufficient width, or due to a safety threat.

11.34.80 Emerging from Alley, Driveway, or Building

The operator emerging from an alley, driveway, or building shall, upon approaching a sidewalk or sidewalk area extending across any alleyway, yield the right of way to all pedestrians approaching on the sidewalk, and upon entering the roadway shall yield the right of way to all vehicles approaching on the roadway.

11.34.90 Clinging to Vehicles; Group Riding; Carrying Articles

- A. No person riding upon any bicycle or micromobility device shall attach the same or themselves to any vehicle upon a roadway.
- B. Persons operating bicycles or micromobility devices upon a roadway shall not ride more than two (2) abreast except upon bike paths of twelve feet (12') or more. When a vehicle approaches from behind in the same lane, riders shall return to single file.
- C. No person operating a bicycle or micromobility device shall carry any packages, bundles, or articles which prevent the operator from keeping at least one hand on the handlebar and maintaining safe control at all times.

11.34.100 Permitted and Prohibited Uses – Sidewalks, Trails, Parks, and Public Grounds

- A. **Public Roads/Streets:** Bicycles, e-bikes, and e-scooters are permitted subject to all applicable traffic laws, state age/helmet requirements, equipment rules, and safe operation.
- B. **Sidewalks:** Operation of e-bikes and e-scooters is prohibited on all sidewalks within White City to protect pedestrian safety, except that devices may be walked (dismounted) on sidewalks. Traditional bicycles may be operated on sidewalks only at a safe walking speed yielding to pedestrians, unless otherwise posted. When a sidewalk is not present and a pedestrian is in the bike lane, the micromobility rider shall yield to the pedestrian.
- C. **Public Trails, Bikeways, and Shared-Use Paths:** Bicycles, Class 1 and Class 2 e-bikes, and e-scooters are permitted only on trails and paths designated for bicycle or

micromobility use, unless specifically prohibited by City signage under direction of the Parks and Recreation Director or equivalent. Class 3 e-bikes may be restricted or prohibited on specific soft-surface, narrow, or high-pedestrian trails if posted. Riders must yield to pedestrians and non-motorized users, operate at a safe speed, and follow all posted rules. Micromobility devices shall follow shared-use pathway rules and speed maximums of bicycles unless otherwise posted.

- D. **Parks and Public Grounds:** Bicycles, e-bikes, and e-scooters are permitted only on designated paved or improved trails/paths within parks and public grounds. Operation is prohibited on grass, landscaped areas, playgrounds, or off-trail surfaces to protect park resources and public safety. Riders must stay on designated routes, yield to pedestrians, and operate responsibly. No operation is allowed in areas posted as prohibited or in dismount zones.
- E. **Private Property:** Operation on private property is prohibited without the permission of the owner of the property.

11.34.110 Parking and Abandonment

- A. No person shall park a bicycle or micromobility device upon any street outside of designated parking areas or in such a manner as to obstruct vehicular travel. No person shall park upon a sidewalk in such a manner as to cause obstruction to pedestrian or wheelchair traffic.
- B. Parking on the grass at any City park is prohibited. No person shall park on landscaping areas in a manner that causes damage to trees, shrubs, or plantings, or on private property without permission.
- C. Where bicycle racks, corrals, or designated docking stations are available, they shall be used for orderly parking.
- D. Any shared mobility device that is not in use shall be secured to a permitted dock, rack, or corral or otherwise placed upright on a hard surface in a location that does not impede pedestrian or vehicular traffic, access to buildings, bus stops, ADA ramps, or transit platforms. Prohibited parking locations include, but are not limited to: multi-use paths, vehicle travel lanes, bikeways, vehicle parking spaces, within fifteen (15) feet of building access/egress or traffic signal poles, within thirty (30) feet of ADA ramps, within landscape beds, or any other zone the City has determined and posted parking is prohibited.
- E. Abandoned or improperly parked shared mobility devices that impede traffic, egress, or access may be relocated or impounded by the City or its designee at the owner's or operator's expense. The City may assess reasonable relocation, storage, and administrative fees.

11.34.120 Shared Mobility Device Programs (Optional)

- A. No person shall operate a shared mobility device program or permit shared mobility devices owned or controlled by such person to be in service for hire upon the streets,

sidewalks, trails, or public grounds of the City unless such person is authorized to do so under a permit, license, or agreement obtained from the City. The City Council may by resolution or agreement establish fees, conditions, insurance requirements, fleet size limits, geo-fencing for sensitive areas (e.g., schools, parks, downtown core), rebalancing/response times (typically within two to four hours for safety complaints or abandoned devices), data sharing, and other reasonable regulations to protect public safety, prevent clutter, and ensure equitable access.

- B. Any permitted shared mobility program shall: (1) maintain a local fleet manager or 24/7 contact available to respond to City and public complaints; (2) provide a 24-hour customer service phone number and email; (3) regularly inspect, clean, and repair all devices; (4) make unsafe or reported devices unavailable and remove from rights-of-way promptly; (5) maintain required insurance naming the City as additional insured (minimum commercial general liability \$1,000,000 per occurrence / \$5,000,000 aggregate or as otherwise required by the permit); (6) indemnify the City as required by the permit agreement; and (7) comply with all applicable federal, state, and local data privacy laws.
- C. The City may deny, suspend, or revoke any permit for failure to comply with permit conditions, operating in a manner that endangers public health or safety, or other good cause. The City does not assume liability for issuing or denying permits or for the operation of any shared program.

11.34.130 Bicycle and E-Bike Registration (Optional See 11.32)

- A. It is recommended, but not mandatory, that all residents register their bicycle or e-bike with the Unified Police Department or designated agent. Registration is free of charge. The Police Department may issue a decal sticker bearing a license number to be firmly attached to the frame. Valid proof of ownership is required. The Police Department will maintain a database to assist in recovery of stolen bicycles and e-bikes.
- B. Bicycle dealers in the City are encouraged to assist purchasers with registration at the time of sale.

11.34.140 Enforcement and Penalties

- A. Violations of this chapter are criminal infractions or civil code violations enforceable by citation or notice of violation. Fine amounts shall be established by the City Council in its consolidated fee schedule.
- B. Non-compliant, unsafe, or abandoned bicycles, e-bikes, e-scooters, or micromobility devices may be impounded or relocated by the City or its agents at the owner's or operator's expense. The owner shall be assessed reasonable relocation, storage, and administrative fees as established by resolution.
- C. This chapter supplements (and does not replace) applicable state law. Violations of state law are also enforceable by appropriate authorities.

11.34.150 Gas-Powered Bicycles, Scooters, and Similar Devices

- A. For purposes of this section, “gas-powered device” means any bicycle, scooter, skateboard, or similar device propelled in whole or in part by a gasoline, diesel, or other internal combustion engine, regardless of whether it also has pedals or electric assist. This definition does not include mopeds, motor-driven cycles, or motorcycles as defined in Utah Code § 41-6a-102 when such devices are properly registered and operated in compliance with state law.
- B. Gas-powered devices are prohibited on all sidewalks, shared-use paths, trails, bike lanes, parks, and other public grounds within the City except where expressly authorized by posted signage or City permit. Operators must dismount and walk gas-powered devices through any dismount zone or prohibited area.
- C. When operated on public roadways where permitted by state law, gas-powered devices shall comply with all applicable provisions of Utah Code Title 41 (Motor Vehicles) and City traffic ordinances, including any registration, licensing, equipment, and insurance requirements.
- D. Any gas-powered device operated or parked in violation of this chapter may be impounded or removed by the City or its agents at the owner’s expense. The owner shall be responsible for all applicable relocation, storage, and administrative fees established by resolution.
- E. This section is intended to supplement, not replace, state motor vehicle laws. Nothing in this chapter authorizes the operation of any device that is illegal under state law.

Memorandum

To: White City Mayor & City Council

From: Cameron Platt, Makenzie Henry-Grahovic

Date: June 3, 2026

Subject: Roles, Authority, and Best Practices for Governance and Communications

Introduction

This memo explains elected officials' roles, authority, and communication practices among elected officials and staff. The memo also summarizes Utah's legal requirements under the Utah Open and Public Meetings Act (OPMA) (Utah Code §§ 52-4-101 et seq.) and best practices for policymaking, administration, public meetings, and official communications. The memo's goal is to help everyone work together effectively while staying within legal boundaries and maintaining public trust.

In Utah's five-member Council framework, there is no strict split between "legislative" and "executive" branches similar to state or federal government organization. Council members act collectively through properly noticed public meetings and handle both policy-making and many administrative responsibilities. OPMA requires deliberations and actions to occur openly, with specific notice, agenda, and minutes, and certain closed-session procedures (if necessary). Additionally, OPMA prohibits serial or rolling quorum predeterminations.

Legal Framework

Under Utah law, all municipal powers belong collectively to the Council (five members, including the Mayor) in municipalities operating under the five-member Council form of government. The Mayor is a full voting member of the Council, presides over meetings, and serves as the Chief executive officer of the City. The Mayor must enforce laws, keep the peace, and recommend ideas to the Council, but does *not* have veto power over Council decisions. The Council holds legislative authority and shares executive/administrative authority not allocated to the Mayor or reassigned by ordinance. A quorum is three members, and a majority of the entire Council's voting members is required to pass ordinances, resolutions, or take action on a matter.

OPMA requires that actions and deliberations of public bodies occur openly. The Utah Supreme Court explained, "We interpret the Utah Open and Public Meetings Act broadly to further the declared statutory purpose of openness," and that exceptions to the Act "be strictly construed."¹ A meeting occurs when a quorum (3) meets to discuss or act on matters within the Council's jurisdiction, including workshops and executive sessions unless properly closed. OPMA expressly

excepts chance meetings and social gatherings, but Councilmembers must use caution not to discuss public business when more than 2 Councilmembers are present.

Public notice is required at least 24 hours before a meeting and the notice must include the agenda, date, time, and place for the meeting. The agenda must be ‘reasonably specific,’ and final action may only occur on listed agenda items. Emergency meetings require best practicable notice and majority approval after attempts to notify all members. Additionally, under OPMA, written minutes and an audio recording of open meetings are required. The minutes must be made available to the public within thirty (30) days after the meeting, and audio must be made available within three (3) business days.

Further, OPMA allows electronic meetings only if first authorized by rule/ordinance, and with proper notice and an anchor location. Closed meetings may be held if a quorum is present (3) and two-thirds of the members of the public body present vote to close the meeting. Closed meetings are for limited purposes only and certain issues are prohibited in closed meetings. The only vote allowed in closed meetings is to return to open meeting. Finally, individuals constituting a quorum may not act together outside a meeting in a concerted and deliberate way to predetermine an action.

Roles and Authority of Elected Officials and Staff

Mayor

The Mayor occupies a distinctive dual position in the City. The Mayor is a regular voting member, chairs meetings, and may be temporarily replaced by the Mayor pro tempore during absence or refusal to act. The Mayor is also the chief executive officer and the point of contact for all staff including the City Administrator. The Mayor must enforce laws, ensure execution of statutes/ordinances, report municipal conditions, recommend measures, remit fines, inspect records, and, with the Council’s advice and consent, assign a Council member (or other persons) to administer departments or appoint to offices/commissions.

Council

The Council is the legislative body of the City and adopts rules, resolutions, and ordinances for budget, administration, organization, operation, and business of the City. The Council may direct by resolution additional duties, powers, and responsibilities for any elected or appointed official (unless prohibited by statute), create any office that the Council considers necessary, and perform any function specifically provided by statute.

Council-Staff Communications and Chain of Command

Absent a City Manager or formal departmental assignments, day-to-day operational authority flows through the Mayor. Individual Council members lack authority to direct staff outside collective Council action. Formal assignment of a Council member to administer or supervise

departments must occur via the Mayor with Council advice and consent or by Council assignment under statute.

To efficiently manage the City's day-to-day operations, all elected officials must communicate with each other and staff. We accomplish this legally and effectively by not including more than two Councilmember's in any meeting, phone call, or email where a decision or discussion of City business occurs, unless a public meeting notice was made in advance. One on one discussions among elected officials is not prohibited. Similarly, elected officials may communicate with staff to request information and discuss ideas or concerns. Staff can then prepare a staff report for the Council to review and discuss at a public meeting.

Open and Public Meetings Act (OPMA) Requirements

Applicability and Meeting Definition

Municipal governing body meetings must comply with OPMA. It is the intent of the legislature that political subdivisions take action and deliberate openly. A meeting is a gathering of a public body with a quorum, properly convened, for the purpose of receiving public comment, deliberating, or taking action on a "relevant matter." All elected officials must receive training on OPMA annually.

For bodies with both executive and legislative responsibilities (White City's five-member Council form), "relevant matter" excludes managerial or operational matters. Any workshop or executive session of the Council with a quorum present is subject to OPMA as an open meeting, unless properly closed. OPMA makes clear the Act applies regardless of what the gathering is labeled as (meeting, workshop, retreat, etc.). Electronic meetings are allowed but require prior adoption of governing rules, 24 hour notice of how to connect, and an anchor location for members of the public to attend.

Notice, Agendas, Minutes, and Recording

Notice of a public meeting must be made at least 24 hours' before the meeting including the agenda, date, time, and place. The agenda must have "reasonable specificity," and final action may not be taken on topics not listed. If an emergency meeting is needed, OPMA requires best practicable notice and majority approval.

Written minutes and complete audio recordings are required for open meetings (with limited exceptions) and must be published within 30 days (for written) and 3 business days (for audio). Minutes must include specific details such as date, time, place, names of members present and absent, substance of matters, a record by individual member of each vote taken, names of non-members who provided public testimony, and substance of public comments. Approved minutes of an open meeting are the official record of the meeting.

Closed Sessions

Closed sessions require a properly noticed open meeting, a two-thirds vote of members present (or majority in limited circumstances), and an on-the-record announcement of reasons for the closed session, location, and the vote by name of each member for or against closing. No approvals or votes may occur in closed session except to return to open session. Permitted closed session topics include personnel character/competence/health, litigation strategy, and certain real property matters.

Ethics

Individuals constituting a quorum may not, outside a meeting, act together in a concerted and deliberate way to predetermine action on a relevant matter. Council members should not use electronic communications as a substitute for open deliberations. This includes things such as calling, texting, or emailing each Council member individually to deliberate pending agenda items using context from the prior conversation with another Council member. Additionally, elected officers must file annual conflict of interest disclosures by January 31 and disclose financial interests immediately before related discussions.

Best Practices

Electronic Communications

Reserve substantive deliberation for noticed open meetings to avoid predetermination. Electronic communications should be used for scheduling and factual updates. Avoid reply-all threads among a quorum on policy matters and compile questions for staff through the Mayor.

Closed Session

Verify the basis before going into closed sessions. State reasons, location, and votes on the record and take no action in closed sessions.

Conclusion

The above information helps maintain public trust, reduce OPMA risk and other legal issues, and allows the City to run. Let us know if you have any questions or would like to discuss any part of this memo in more detail.

The updates will include revisions to terminology, positions, and organizational structure to reflect the transition from an MSD to a city operating under a mayor-council form of government.

Cameron stated that draft revisions will be presented to the Council for review and feedback, with any necessary adjustments made prior to adoption. He also noted that work has already begun on Titles 1 and 2 of the municipal code.

4. DISCUSS COUNCIL RULES OF ORDER AND PROCEDURE

Council discussed the process for adding items to meeting agendas. Rori Andreason confirmed that agenda items are typically reviewed with the Mayor before being placed on the agenda. Cameron and Rori explained that items may be added up to 24 hours before a meeting if necessary, and special meetings regarding agenda items may be called when necessary. BUSINESS MEETING

1. WELCOME AND DETERMINE QUORUM

Mayor Perry stated the Quorum was present, allowing the meeting to proceed

2. DISCUSS QUARTERLY FINANCIAL REPORT AND FY2027 BUDGET

Daniel Hoffman presented the quarterly financial report, noting that the City has collected just over \$1 million in sales tax revenue. With a budgeted sales tax revenue of \$1.4 million,

approximately 75% of the annual projection has been received, indicating revenues are on track with budget expectations. Administrative expenditure remains below budgeted levels.

Council Member Neil Mahoney raised a question regarding the source of sales tax revenue, given the limited number of local businesses collecting sales tax within White City.

Daniel Hoffman explained that a significant portion of the revenue is generated through online sales tax distributions.

Daniel reported that the City's current fund balance is approximately \$1.15 million, reflecting a positive financial position. He noted that a portion of these funds is restricted or assigned for capital projects and committed to providing Council with additional information regarding existing capital fund allocations.

Total revenue collected to date across all funds, including the General Fund, is approximately \$1.578 million.

Daniel Hoffman also reported that the City recently received its annual beer tax allocation of \$3,466. He explained that these funds are restricted and must be used for specific purposes as allowed by state regulations.

The MET Fund, which includes revenues from franchise agreements with utility providers such as Rocky Mountain Power, Questar, and Google Fiber, has collected approximately \$194,000 year-to-date. No expenditures have been made from the fund thus far this year.

2.1 FINANCIAL COMMITTEE REPORT

Council Member Neil Mahoney requested an allocation report detailing how funds have been distributed and utilized. It was noted that total expenditures for the year are approximately \$1.8 million, with those figures expected to fluctuate as the fiscal year progresses.

Council members requested a more detailed breakdown of Public Works expenditures. Mayor Perry stated that a report outlining Public Works costs would be provided to the Council. The financial information presented also included expenditure data from the previous four years for comparison purposes.

Council discussed the value of periodically reviewing City expenditures through Audit Committee meetings. Members expressed that a better understanding of the City's goals, priorities, and long-term direction would assist the committee in evaluating expenditures and making informed recommendations regarding future fund allocations.

3. UNIFIED FIRE AUTHORITY REPORT

Chief Ken Aldridge updated the Council on the following:

An update was provided regarding HB 410, which establishes implementation timelines for building code requirements in high-risk fire areas. It was noted that the earliest the updated code can be applied is January 1, 2027. White City is classified as a lower-risk area, so the legislation is not expected to result in significant changes locally.

The Chief also reported on ongoing training initiatives designed to meet the demands of a growing community. Training efforts include continuing education, leadership development, and officer training to ensure personnel maintain a high level of readiness and are prepared to respond effectively to emergencies.

UFA advised that fire season is expected to begin earlier than usual due to below-average snowpack and rapidly warming temperatures. Residents were encouraged to remain vigilant, particularly during Red Flag warning days when fire danger is elevated.

As part of the monthly safety message, UFA highlighted the hazards associated with spring runoff, including increased water levels, faster currents, and cold water temperatures that can lead to cold shock. Residents were encouraged to exercise caution around waterways, wear life jackets, and closely supervise children.

UFA also announced upcoming community CPR classes. A class was held on May 13 at Station 124, and another class is scheduled for June 10 from 6:00 p.m. to 10:00 p.m. in Eagle Mountain.

4. UNIFIED POLICE DEPARTMENT REPORT

Chief Morse introduced Elizabeth Garity, the new part-time social worker with UPD. Elizabeth explained that the position is focused on identifying opportunities to provide the greatest benefit to the community while maximizing available resources. Services may include mental health support, crisis intervention, and assistance following traumatic events.

In response to a Council question regarding the long-term sustainability of the grant-funded position, Elizabeth expressed hope that demonstrated community need and positive outcomes could support continuation of the program beyond the grant period. Chief Morse added that extensive data collection has been incorporated into the program to measure its effectiveness. He noted that if the position results in reduced calls for service and other measurable benefits, the cost savings could help justify future funding. Council requested contact information for Elizabeth to assist with community referrals, and Chief Morse stated that it would be provided via email.

Chief Morse reported that during April, UPD responded to 138 calls for service and handled 39 cases. Fourteen of those cases involved public peace matters, many of

which were civil in nature. She also noted that the UPD Awards Banquet was held in April, where 30 members of the precinct were recognized for their service and contributions.

Chief Morse provided an update on the new state e-bike law that took effect on May 6. UPD has been conducting public education efforts regarding the changes, and the City is reviewing its ordinances to ensure compliance with state law.

Council requested comparative data showing how White City's call volume and case types compare to the rest of the precinct, including combined statistics for White City and Midvale. Chief Mazuran indicated that quarterly reports, including sheriff service information, will be provided to all participating cities.

6. COUNCIL REPORTS

6.1 Mayor Allan Perry

Greater Salt Lake Municipal Services District Mayor Perry reported that the Greater Salt Lake MSD approved its tentative budget, with final adoption scheduled for the following week. He and Tyler also attended a strategic planning training at the University of Utah, which provided useful guidance on long-term planning and goal setting.

Council of Governments Mayor Perry said at the Council of Governments meeting, a recommendation was made to appoint Jeff Silvestrini to the UTA Planning Commission, though the final decision is pending gubernatorial approval.

Unified Police Department/SLVLESA Mayor Perry said the updates from UPD and SLVLESA included recognition of officers at the UPD Awards Banquet, introduction

of a new crisis response K-9, and continued development of UPD's budget. SLVLESA reported it has reached its property tax funding cap and may need to consider alternative funding options moving forward.

6.2 Council Member Tyler Huish

Unified Fire Authority Council Member Tyler Huish reported that the WUI code has been updated, though it is not expected to significantly impact White City due to its lower wildfire risk classification. A fireworks restriction map is currently available, and staff were requested to ensure a link to the UFA fireworks map is posted on the City's website by June 1. The map may be updated if fire conditions worsen and additional restrictions become necessary.

It was also noted that attendance at a recent UFA banquet was very positive.

Unified Fire Service Area Council Member Tyler Huish said there was nothing to report.

6.3 Council Member Linda Price

Mosquito Abatement Council Member Linda Price said that warmer weather has already led to increased service calls, marking the start of a longer breeding season. Residents were encouraged to eliminate standing water to help reduce mosquito activity. The program received 30 seasonal job applications and hired 3 staff members, with interns also serving as a valuable support resource. She said expanded public outreach efforts are planned this year, including participation in community events such as Movies in the Park and health fairs to increase public education on mosquito prevention.

Salt Lake County Animal Control Council Member Linda Price provided an update highlighting continued success as a no-kill shelter for 12 years and recognition as Best of State for 17 consecutive years. A 24-hour emergency contact line remains available for urgent situations. She said Senate Bill 102 did not pass this session but is expected to be revisited in the future.

6.4 Council Member Greg Shelton

Wasatch Front Waste & Recycling District- Council Member Greg Shelton reported on a recent retreat, which he was unable to attend. He also reported that dumpster days have concluded and were completed successfully. They are

exploring the potential for establishing a resident drop-off location as part of next year's dumpster days.

6.5 Council Member Neil Mahoney

White City Community Council Council Member Neil Mahoney mentioned they held a well-attended meeting with full board participation and several community members present. Brent Potter was recognized for his leadership. Residents requested that the park survey be made available via a direct clickable link rather than only a QR code, and applications for committee participation remain open, with continued interest in improving transparency and public engagement opportunities.

Daniele Benigni provided an update on the park project, noting that it involves three communities: White City, Copperton, and Magna and will require the development of formal bylaws. The committee is intended to work alongside the MSD and consultants, with a structure that includes city representatives and legal oversight. He emphasized the need to meet with the city attorney before finalizing bylaws and application materials and noted that internal guidelines for committee operations still need to be incorporated. Council will need to add bylaw adoption to a future agenda.

Council discussed the structure of public involvement. Daniele explained that the current phase is focused on organizing the committee and gathering data to support consultant work, including park condition assessments already conducted through spring site visits. Broader public engagement is expected later in the process through an open house and a published project roadmap to ensure transparency.

Council Member Neil Mahoney discussed ongoing confusion between the City Council and Community Council. Staff noted plans to add clarifying information and links on both the City and Community Council websites to better explain their roles. The possibility of renaming the White City Community Council was also raised to reduce public confusion.

11.34.100 Permitted and Prohibited Uses – Sidewalks, Trails, Parks, and Public Grounds

Operation is prohibited on grass, landscaped areas, playgrounds, or off-trail surfaces to protect park resources and public safety. Riders must stay on designated routes, yield to pedestrians, and operate responsibly. No operation is allowed in areas posted as prohibited or in dismount zones.
- E. **Private Property:** Operation on private property is prohibited without the permission of the owner of the property.

11.34.110 Parking and Abandonment

- B. Parking on the grass at any City park is prohibited. No person shall park on landscaping areas in a manner that causes damage to trees, shrubs, or plantings, or on private property without permission.
- C. Where bicycle racks, corrals, or designated docking stations are available, they shall be used for orderly parking.
- D. Any shared mobility device that is not in use shall be secured to a permitted dock, rack, or corral or otherwise placed upright on a hard surface in a location that does not impede pedestrian or vehicular traffic, access to buildings, bus stops, ADA ramps, or transit platforms. Prohibited parking locations include, but are not limited to: multi-use paths, vehicle travel lanes, bikeways, vehicle parking spaces, within fifteen (15) feet of building access/egress or traffic signal poles, within thirty (30) feet of ADA ramps, within landscape beds, or any other zone the City has determined and posted parking is prohibited.

11.34.120 Shared Mobility Device Programs (Optional)

- A. No person shall operate a shared mobility device program or permit shared mobility devices owned or controlled by such person to be in service for hire upon the streets,

sidewalks, trails, or public grounds of the City unless such person is authorized to do so under a permit, license, or agreement obtained from the City. The City Council may by resolution or agreement establish fees, conditions, insurance requirements, fleet size limits, geo-fencing for sensitive areas (e.g., schools, parks, downtown core), rebalancing/response times (typically within two to four hours for safety complaints or abandoned devices), data sharing, and other reasonable regulations to protect public safety, prevent clutter, and ensure equitable access.

- B. Any permitted shared mobility program shall: (1) maintain a local fleet manager or 24/7 contact available to respond to City and public complaints; (2) provide a 24-hour customer service phone number and email; (3) regularly inspect, clean, and repair all devices; (4) make unsafe or reported devices unavailable and remove from rights-of-way promptly; (5) maintain required insurance naming the City as additional insured (minimum commercial general liability \$1,000,000 per occurrence / \$5,000,000 aggregate or as otherwise required by the permit); (6) indemnify the City as required by the permit agreement; and (7) comply with all applicable federal, state, and local data privacy laws.
- C. The City may deny, suspend, or revoke any permit for failure to comply with permit conditions, operating in a manner that endangers public health or safety, or other good cause. The City does not assume liability for issuing or denying permits or for the operation of any shared program.

11.34.130 Bicycle and E-Bike Registration (Optional See 11.32)

- A. It is recommended, but not mandatory, that all residents register their bicycle or e-bike with the Unified Police Department or designated agent. Registration is free of charge. The Police Department may issue a decal sticker bearing a license number to be firmly attached to the frame. Valid proof of ownership is required. The Police Department will maintain a database to assist in recovery of stolen bicycles and e-bikes.
- B. Bicycle dealers in the City are encouraged to assist purchasers with registration at the time of sale.

11.34.140 Enforcement and Penalties

- A. Violations of this chapter are criminal infractions or civil code violations enforceable by citation or notice of violation. Fine amounts shall be established by the City Council in its consolidated fee schedule.
- B. Non-compliant, unsafe, or abandoned bicycles, e-bikes, e-scooters, or micromobility devices may be impounded or relocated by the City or its agents at the owner's or operator's expense. The owner shall be assessed reasonable relocation, storage, and administrative fees as established by resolution.
- C. This chapter supplements (and does not replace) applicable state law. Violations of state law are also enforceable by appropriate authorities.

11.34.150 Gas-Powered Bicycles, Scooters, and Similar Devices

- A. For purposes of this section, “gas-powered device” means any bicycle, scooter, skateboard, or similar device propelled in whole or in part by a gasoline, diesel, or other internal combustion engine, regardless of whether it also has pedals or electric assist. This definition does not include mopeds, motor-driven cycles, or motorcycles as defined in Utah Code § 41-6a-102 when such devices are properly registered and operated in compliance with state law.
- B. MASTER LANDSCAPE MAINTENANCE AGREEMENT

THIS MASTER LANDSCAPE MAINTENANCE AGREEMENT (“Agreement”) is made and entered to be effective as of _____ (the “Effective Date”), by and between the UTAH DEPARTMENT OF TRANSPORTATION, an agency of the State of Utah (“UDOT”) and WHITE CITY, a part of the Greater Salt Lake Municipal Service District, Utah municipal corporation (the “Local Government”).

RECITALS

- A. When UDOT places landscaping vegetation for its own work, UDOT’s baseline involves placing seed with natural, self-sustaining grass and shrub species that do not require any irrigation. UDOT applies this baseline under UDOT manuals and specifications.
- B. Local jurisdictions are responsible for decorative landscaping in the UDOT right-of-way when required by Utah Administrative Code R918-6-4 (“Section R918-6-4”) or other applicable law, or when a local jurisdiction has assumed landscape responsibilities under a UDOT contract or permit, or when a local jurisdiction has granted a permission or issued a permit to a third party that allows an installation by the third party (which requires compliance with Utah Code §§ 72-3-109 and 72-7-102), (collectively a “Landscape Improvement”). These laws, contracts, and permits may impose requirements for more than just vegetation in the UDOT right-of-way.
- C. UDOT first must authorize the installation of a Landscape Improvement. UDOT does this through a UDOT agreement (such as a Betterment Agreement or Cooperative Agreement), or pursuant to a UDOT permit, or by giving an approval so a local jurisdiction can grant permission to, or issue a permit to, a third party.
- D. When UDOT authorizes the installation of a Landscape Improvement, UDOT also requires a local jurisdiction to enter this Agreement. This is a master agreement that applies to all Landscape Improvement sites that involve vegetation within the local jurisdiction (except as stated herein). The purpose of this Agreement is to implement uniform requirements that: (i) address long-term maintenance responsibilities and requirements for Landscape Improvements that involve vegetation; and (ii) provide for their ongoing care and upkeep.

AGREEMENT

NOW THEREFORE, in consideration of the forgoing recitals, which by this reference are incorporated into this Agreement, and the following terms and conditions, the parties agree as follows:

- 1. Agreement Applicability. This Agreement applies to each Landscape Improvement (as defined in Recital B) within the Local Government’s jurisdiction once each installation is complete, and it takes priority over any conflicting terms in other agreements or permits, except as follows:

- a. UDOT-Owned Improvements. UDOT-owned landscaping is not subject to this Agreement.
 - b. Conflicting Prior Authorizations. If a Landscape Improvement existed in the Local Government's jurisdiction before the Effective Date of this Agreement, and its long-term care is subject to terms stated in a different UDOT agreement, permit or other authorization, then the different UDOT agreement, permit or other authorization governs that site.
2. Landscape Improvement Requirements. The Local Government shall comply with the following requirements and shall also require the Local Government's permittees to comply with the following requirements. Compliance is a condition of UDOT's consent to a Landscape Improvement.
- a. Effect of Consent. The owner of a Landscape Improvement, which may be either the Local Government or a Local Government permittee (an "**Improvement Owner**"), only owns the Landscape Improvement. UDOT's consent only authorizes the Improvement Owner to make a non-exclusive use of the surface of a UDOT right-of-way in the manner stated in the document that authorized installation for the Landscape Improvement. UDOT's property ownership interests are not affected in any manner by a Landscape Improvement.
 - b. Standard of Care. The Local Government or other Improvement Owner must provide all reasonable and routine care that may be required to maintain the Landscape Improvement, for the duration of its installation, substantially in the condition that UDOT consented to. The reasonable and routine care that is necessary to meet this standard requires complying with all of the requirements stated in Section R918-6-4. That may include, but is not limited to, actions such as the following: maintaining irrigation systems, inspecting, removing trash and dead plant materials, replenishing approved installations, controlling weeds and pests, repairing damage, remedying hazardous conditions, complying with applicable local codes, and other measures.
 - c. Safety. Landscape Improvements must be maintained in a manner that is consistent with the safe and efficient use of the UDOT roadway. Among other things, the Local Government or other Improvement Owner must prevent elements from blocking signs or intruding onto paved surfaces within the UDOT right-of-way. Any intrusions, impairments, or other safety and efficiency concerns must be promptly remedied.
 - d. Protection of UDOT Property. The Local Government or other Improvement Owner shall use reasonable care to protect UDOT's property from damage. Among other things, maintenance work shall not damage UDOT's paved surfaces, signs, or other roadway appurtenances, and no substances that are regulated as hazardous (as such term is defined by applicable law) shall be placed on UDOT's property. The Local Government or other Improvement Owner shall also use reasonable care to protect improvements owned by others that are present at the site of the Landscape Improvement.
 - e. Roadway Access. If any maintenance work requires traffic control or lane closures, that access requires obtaining an encroachment permit from UDOT. All persons who work in a UDOT right-of-way must wear approved DOT Personal Protective Equipment and Safety Clothing (see UDOT Policy 06E-02, or its successor, on UDOT's website). Volunteers working in a UDOT right-of-way must be at least 16 years old, and if they are between the ages of 16 and 18, they must have adult supervision at all times. Contact a UDOT permit official to ensure compliance with safety requirements.
 - f. Substantial Changes. UDOT must issue a new, written authorization before a Local Government or other Improvement Owner can make substantial changes to what UDOT

approved for a Landscape Improvement. If so authorized, once the changes have been installed, this Agreement continues to apply.

- g. **Responsibility and Enforcement.** If the Local Government issues a permit that allows a permittee to install a Landscape Improvement, the Local Government (under Sections 72-3-109, 72-7-102, and R918-6-4) and the permittee (under the permit) are both responsible for that Landscape Improvement under applicable law and this Agreement. If the Local Government makes the permittee primarily responsible for the Landscape Improvement, the Local Government will take reasonable enforcement actions to require Local Government permittees to comply with the requirements of this Agreement. Reasonable actions include, but are not limited to, the following: the Local Government will make the requirements of this Agreement applicable to its permittees (as stated below); and reasonable enforcement actions may include, but are not required to include, taking legal action against a permittee.
3. **Remedies.** If a Landscape Improvement is not maintained as required by Section 2, UDOT and the Local Government shall have remedies as follows:
 - a. **UDOT Remedies.** UDOT has all remedies available by law, and the following remedies are not exclusive:
 - i. UDOT shall not bear any cost for, or have any obligation to maintain, a Landscape Improvement that the Local Government is responsible for (whether it responsible by law or pursuant to a UDOT agreement, permit or other approval). The parties acknowledge that this Agreement does not change applicable law, which includes, but is not limited to, Utah Code §§ 72-3-109 and 72-7-102, and Section R918-6-4.
 - ii. UDOT is the owner of the right-of-way, and UDOT can enter a Landscape Improvement at any time for any reason.
 - iii. UDOT has the right, but not the obligation, to remedy any violation of this Agreement at the expense of the Local Government or other Improvement Owner after providing reasonable notice to them. If they fail to remedy the violation as provided in the notice, UDOT may, but is not obligated to, take remedial action at the expense of the Local Government and other Improvement Owner. Any action or inaction by UDOT in connection with a Landscape Improvement does not constitute an assumption of any responsibility or liability by UDOT, and it does not constitute a waiver of any requirement of this Agreement.
 - iv. If UDOT has sent two written notices to an Improvement Owner (whether the Improvement Owner is the Local Government or its permittee) concerning a violation of this Agreement, and if thereafter the violation is remedied and UDOT agrees to allow the Landscape Improvement to remain on UDOT property, UDOT also may require the Improvement Owner to file a bond with UDOT in an amount not to exceed \$10,000 to protect UDOT against the cost of future violations. The Improvement Owner shall maintain the bond for a 24-month period at a minimum. If the Improvement Owner is a permittee of the Local Government, UDOT agrees that the Local Government can also take this action in addition to UDOT.
 - v. An Improvement Owner may remedy a violation of this Agreement through work provided by a third party, such as a contractor with warranty obligations. But the Local Government and its permittees remain responsible for all costs

- and obligations that relate to a Landscape Improvement for which they have responsibilities under statutes, regulations, or permits.
- vi. Landscape uses of UDOT's right-of-way are subordinate to UDOT's transportation purposes. An Improvement Owner places plants and improvements in UDOT's right-of-way at its own risk. If UDOT takes any action in connection with its right-of-way, UDOT may remove a Landscape Improvement without compensating an Improvement Owner. UDOT also may, but is not obligated to, provide replacement landscaping as UDOT may determine.
 - v. UDOT hereby advises the Local Government that UDOT considers compliance with this Agreement and with Section R918-6-4 and other applicable law when determining whether UDOT will consent to the Local Government's Landscape Improvements, or whether UDOT will consent to a Local Government permit pursuant to Utah Code §§ 72-3-109 and 72-7-102.
- b. Cooperation. The Local Government and UDOT agree to the following:
- i. The parties agree to cooperate and work together in good faith.
 - ii. If any object is installed in a UDOT right-of-way without authorization by UDOT or by the Local Government, the object is in UDOT's right-of-way unlawfully. UDOT and the Local Government each may remove such installation under their legal authority. UDOT and the Local Government each may also require the object's owner to obtain proper authorizations for such improvement at such owner's expense.
 - iii. If the parties dispute what constitutes a violation of this Agreement, or whether a specific Landscape Improvement was properly authorized, or whether any maintenance is subject to Section R918-6-4 or other applicable requirements, or other matters, the parties agree to do the following before pursuing any other remedy that they may have:
 - 1. UDOT and the Local Government agree that they will first send a decision maker from each party to a dispute resolution meeting to discuss the disagreement in good faith, present information in support of each party's position, and attempt to reach a resolution.
 - 2. If the dispute resolution meeting does not fully resolve the matter, the Local Government agrees to submit full information concerning its dispute to a UDOT Region Director to obtain a decision by UDOT.
 - iv. For Local Government permits issued after the Effective Date of this Agreement, the Local Government agrees to require its Landscape Improvement permittees to: (1) comply with the terms of, and assume the Local Government's obligations under, this Agreement as if it had been entered between UDOT and the permittee in connection with the permittee's Landscape Improvement; and (2) agree that both UDOT and the Local Government may enforce the terms of this Agreement directly against the permittee. Among other things, UDOT and the Local Government shall each have the right, but not the obligation, to enforce the indemnity and other obligations contained in Section 5 of this Agreement directly against a permittee.
 - v. If utility owners or others with a right to be present in the UDOT right-of-way pursue work within a Landscape Improvement, the Improvement Owner is

solely responsible to coordinate work to address any impacts to the Landscape Improvement.

- c. **Site Addendum.** If ongoing maintenance needs for a specific Landscape Improvement site require terms in addition to those contained in this Agreement, the parties may address them in a Site Addendum to this Agreement that is substantially in the form attached at Exhibit A and incorporated herein.
- 4. **Term.** This Agreement shall remain in effect while any Landscape Improvement that is subject to this Agreement remains within the Local Government’s jurisdiction. From time to time, UDOT may update this Agreement consistent with then-applicable requirements.
- 5. **Indemnity and Insurance.** The following shall apply:
 - a. **Indemnity.** The Local Government agrees to indemnify, defend, and save harmless UDOT and its commissioners and employees from and against all losses of every kind (including but not limited to any claims, suits, costs, environmental contamination damages and penalties, and loss from personal injuries and property damage) that arise from or relate to (i) the Local Government’s use of UDOT property in connection with this Agreement; or (ii) any wrongful or negligent act or omission of the Local Government or its employees, agents, contractors or consultants in connection with entering or performing this Agreement. The Local Government is a governmental entity subject to the Utah Governmental Immunity Act, and nothing in this paragraph is intended to waive any provision of the Utah Governmental Immunity Act provided said Act applies to the loss in question. This Agreement does not require the Local Government to indemnify UDOT against UDOT’s sole negligence.
 - b. **Damage to UDOT Property.** In addition to the indemnification obligation set forth above, the Local Government, at its cost, shall repair or replace (to UDOT’s reasonable satisfaction) any property that belongs to UDOT that is damaged in connection with a Landscape Improvement to the extent that such damage arises from or relates to an act or omission (negligent or otherwise) of the Local Government or its employees, agents, contractors, consultants, or permittees. The Local Government shall promptly notify UDOT of any such damage.
 - c. **Notification.** The parties agree to promptly notify each other of any potential claims or losses that may affect the other party that relate to a Landscape Improvement.
 - d. **Insurance.** Each party agrees to require its contractors and consultants working in connection with this Agreement to maintain insurance in amounts reasonably sufficient to pay for loss arising from the contractor’s or consultant’s acts or omissions (negligent or otherwise). In addition, the Local Government hereby represents that it is a member of the Utah Local Governments Trust or is adequately self-insured, and it agrees that it will remain so for as long as it has any Landscape Improvements located on UDOT’s property.
- 6. **Miscellaneous.** The following terms apply to this Agreement:
 - a. Any party may give a written notice under this Agreement by delivering it to the following physical address (an email may be used in addition as a courtesy), and notice is effective upon delivery when delivered by hand or by overnight delivery service with confirmation of delivery (or, if placed in the U.S. mail, notice is effective three days after such notice receives a postmark):

- b. The parties agree to undertake and perform all further acts that are reasonably necessary (except when expressly prohibited by law) to carry out the intent and purpose of the Agreement and to assist UDOT with maintaining compliance with the legal requirements applicable to UDOT after receiving a written notice that explains the need for such action.
- c. UDOT’s action or inaction when providing a consent, review, acceptance, or approval or when taking other action hereunder, for any conditions, inspections, plans, specifications, or work, is for purposes of administering this Agreement only, and it does not constitute an assumption by UDOT of any responsibility or liability for the same.
- d. No part of this Agreement may be waived, whether by a party’s failure to insist on strict performance of this Agreement or otherwise, except in a writing signed by an authorized representative of the party waiving. No party may assign this Agreement without the other parties’ prior written authorization, and any purported assignment to the contrary is void. This Agreement will not be construed to have a drafter or be construed against a drafter. This Agreement’s headings are for convenience only and do not alter the meaning of its text. All rights and remedies in this Agreement are cumulative and nonexclusive and do not limit any other rights and remedies of the parties. The indemnity provision, remedies, and other terms that by their nature are intended to survive a termination of this Agreement shall survive a termination. Nothing in this Agreement shall be construed to limit UDOT’s governmental powers and authority. This Agreement may only be amended in a written document that is signed by an authorized representative of each party. This is the entire agreement of the parties with respect to the subject matter hereof and it shall supersede all prior negotiations, understandings, and agreements with respect to such subject matter. Each party warrants that all of its representatives who are necessary to make this Agreement fully binding against the party (and its successors and assigns, if any) have signed below with the party’s authorization, and that this Agreement’s terms do not violate

other contracts and commitments of the party. This Agreement may be signed in counterparts and signed electronically.

RECITALS

WHEREAS, the Parties hereto entered into a Master Landscape Maintenance Agreement, which may have been amended or restated from time to time (the “**Agreement**”), and the current Agreement’s finance number is _____ with an Effective Date of _____, as shown in Exhibit “A” attached hereto for reference; and

WHEREAS, this Addendum is a part of and is governed by the Agreement (including, but not limited to, the Agreement’s defined terms); and

WHEREAS, the Parties are entering this Addendum to address ongoing maintenance and care needs at the site which is stated above (the “**Site**”) in addition to the terms stated in the Agreement.

AGREEMENT

NOW THEREFORE, in consideration of the forgoing recitals, which by this reference are incorporated into this Supplemental Agreement, and the following terms and conditions, it is agreed by and between the parties as follows:

1. Nature of Addendum. This Addendum is a part of and is governed by the Agreement, and all of the Agreement’s terms and conditions (including, but not limited to, definitions for capitalized terms) fully apply to this Addendum, except to the extent that paragraph 4 of this Addendum expressly modifies the Agreement for this Site only.

2. Landscape Improvement Site Conditions. [INSTRUCTIONS (DELETE THESE INSTRUCTIONS WHEN FINALIZING): IN THIS SECTION, DESCRIBE SPECIFIC SITE CONDITIONS THAT NEED ADDITIONAL TERMS TO ADDRESS ONGOING MAINTENANCE AND CARE RESPONSIBILITIES, AND STATE THE NEEDED TERMS. FOR EXAMPLE, IF UDOT HAS AGREED TO ALLOW DRAINAGE FROM THE SITE TO ENTER UDOT’S STORM DRAIN SYSTEM (WHICH NORMALLY IS NOT THE CASE), EXPLAIN THAT CONDITION HERE AND STATE THE TERMS FOR ALLOWING THE DRAINAGE. DO NOT ALTER THE MASTER AGREEMENT IN THIS SECTION. IF THIS SECTION IS NOT APPLICABLE, WRITE “N/A” AFTER THE TITLE OF THIS PARAGRAPH. IF YOU NEED TO ATTACH A MAP EXHIBIT FOR THIS PARAGRAPH, INCLUDE THIS LANGUAGE HERE: The Landscape Improvement for this Site is shown in Exhibit __ to this Addendum, which is attached hereto and made a part hereof.]

3. Access. [INSTRUCTIONS (DELETE THESE INSTRUCTIONS WHEN FINALIZING): IN THIS SECTION, IF NEEDED, INCLUDE ANY ADDITIONAL TERMS ABOUT ACCESS. FOR EXAMPLE, NORMALLY UDOT REQUIRES AN ENCROACHMENT PERMIT TO OBTAIN ACCESS, BUT IN UNUSUAL CIRCUMSTANCES, A LICENSE MIGHT BE APPROPRIATE. THAT WOULD BE INCLUDED HERE. DO NOT ALTER THE MASTER AGREEMENT IN THIS SECTION. IF THIS SECTION IS NOT APPLICABLE, WRITE “N/A” AFTER THE TITLE OF THIS PARAGRAPH. IF YOU NEED TO ATTACH AN EXHIBIT FOR THIS PARAGRAPH, INCLUDE THIS LANGUAGE HERE: Access for the Landscape Improvement for this Site is shown in Exhibit __ to this Addendum, which is attached hereto and made a part hereof.]

4. Changes to Agreement for This Site Only. The Agreement is hereby modified as follows for this Site only: [INSTRUCTIONS (DELETE THESE INSTRUCTIONS WHEN FINALIZING): IN THIS SECTION, IF NEEDED, STATE IN DETAIL ANY MODIFICATIONS TO THE MASTER AGREEMENT THAT WILL APPLY TO THIS SITE ONLY. IDENTIFY THE AGREEMENT PARAGRAPH THAT IS BEING MODIFIED, AND THEN STATE THE MODIFICATION. AN ADDENDUM CAN ONLY BE USED TO MAKE A SITE-SPECIFIC CHANGE TO THE MASTER AGREEMENT, NOT A GENERAL AMENDMENT TO THE MASTER AGREEMENT. ALSO, AN ADDENDUM CAN ONLY CHANGE ONGOING MAINTENANCE AND CARE RESPONSIBILITIES. IF THE LOCAL GOVERNMENT IS PROPOSING A NEW INSTALLATION OR A MAJOR CHANGE TO AN EXISTING INSTALLATION, THAT MUST BE AUTHORIZED THROUGH AN AGREEMENT, SUCH AS A BETTERMENT AGREEMENT OR A COOPERATIVE AGREEMENT, OR A PERMIT, OR A LOCAL PERMIT APPROVAL PURSUANT TO UTAH CODE § 72-3-109. SEEK LEGAL ASSISTANCE WHEN NEEDED. IF THIS SECTION IS NOT APPLICABLE, WRITE “N/A” AFTER THE TITLE OF THIS PARAGRAPH. IF YOU NEED TO ATTACH AN EXHIBIT FOR THIS PARAGRAPH, INCLUDE THIS LANGUAGE HERE: Changes for the Landscape Improvement for this Site are shown in Exhibit __ to this Addendum, which is attached hereto and made a part hereof.]
