The Southeast Township Committee wishes to thank all the volunteers that have helped make this day a huge success. The committee needs to give themselves a big hug for always being there to do the chores. This event is like bringing a digital Image to life, to play itself out in Big Bear Park. The Salt Lake County departments that facilitate all the support requirements need to be thanked by everyone that attends. Bringing us a "Great Day" in the life of serving the public.

Thank You Very Much!!!!!!!!!!!!!!!!!!!!!!
