Planning and Development Services Glossary

CODE: Code enforcement

<u>Condominium Plat</u>: The procedure to review and record a condominium plat is subject to the Condominium Ownership Act (57.8- Utah Code). Staff review includes addressing all units, a review to verify compliance with the zoning ordinance and conditions of approval previously imposed and an engineering review to verify compliance with platting requirements.

COM: Commercial

ENG: Engineering

Equation: Used when the fee is based on an equation structure that cannot be easily defined in a table. Please contact the appropriate department for more detail on what that fee includes.

<u>General Plan Amendment</u>: Planning Commissions make a recommendation to the Council who must authorize Amendments to a General Plan. This process is used only when it is demonstrated by the applicant that there has been a change in circumstances or other sufficient reasons to justify consideration. A study that includes public involvement is conducted after Council gives the direction to proceed to the Development Services Director.

Home Daycare I Pre-school Application Fees: Although a home daycare I pre-school is operated out of a private residence, it is not considered or reviewed in the same manner as a home business. Therefore, they are listed separately in the fee schedule and in the ordinance.

<u>Modification to a Recorded Subdivision Plat:</u> Utah Code, 10-9a-608, *et al.*, requires a specific process be followed to amend, vacate or alter a recorded subdivision plat. This involves application to the county, notice, a public hearing before the planning commission and the executive or designee of the municipality (commonly referred to as a 608 hearing/ Mayor's Meeting). Additionally, the county completes engineering review of the preliminary and final plat prior to approval and recording. Fees may include: Planning Commission Review, Additional Public Body Review, Technical Review.

PUD (Planned Unit Development): In those zones which allow development of a PUD they are listed as a Conditional Use, which requires review by the Planning Commission. For developers who intend to sell individual lots within the PUD both the Planning Commission Review and a Subdivision Preliminary Plat would be required (also a review by the Planning Commission), and a Technical Review prior to final approval is also required. Per the fee schedule each of these reviews requires separate fee.

Additionally, because more than one review process is required the application would also involve an Agency Review Meeting. Fees may include: Agency Coordination Meeting, Planning Commission Review (Conditional Use), Planning Commission Review (Preliminary Plat), Technical Review.

The conditional use approval (planning commission approval) is required prior to preparation of the subdivision preliminary plat to ensure that the recommendations of the Planning Commission are properly incorporated into the preliminary plat.

Re-Zone (Zoning Map Amendment): A request to change the existing zoning (re-zone) requires: review and recommendation from the planning commission (Public Body Review) and final decision by the council (Additional Public Body Review)and technical work (Technical Review) for map and index work). In cases where the General plan is not clear on the zoning designation which should be allowed, compliance with the General Plan must be considered as part of the re-zone application. The impacts of a re-zone which is for an

area of 10 acres or larger should be considered as part of a General Plan Amendment which must be completed prior to accepting the application for a property re-zone.

Res: Residential

Signs: Signs vary in the type and complexity of review process required therefore they are listed under several review types. It is intended that the fees are assessed per review process and not per sign. For example, a business that had 2 signs which required Planning Commission review would be charged for 1 planning commission review. However, a business which had 1 sign which required planning commission review and another sign which did not, would be charged for 1 planning commission review and 1 staff review.

Subdivision: A request to subdivide property requires review and approval of a preliminary plat, and a Technical Review of the Final Plat. Additionally, an Agency Review Meeting is required. Note that in the case of a "one-lot" subdivision there might also be an Administrative Review for the proposed Single-Family Dwelling. Fees may include: Agency Coordination Meeting, Planning Commission Meeting, Technical Review, Staff Review of a Site Plan.

For non-profit leagues, White City assesses a \$5.00 per registered participant (player) impact fee. This fee is valid for the whole season. Otherwise, the fee is \$250.00 per field per day. We do not have an hourly field rental rate.

To qualify for the nonprofit league rates, the group/league name must provide documentation that they are registered with the IRS as a 501(c)(3) not for profit organization.

Nonprofit Sports Team Special Events:

\$5.00 per registered participant per field day.

Fund raisers, league tournaments and post-season interleague play are subject to special event fees. A separate "special event" request form must be submitted to the SLCO Park Operations office at least 30 days in advance of the event date.

It is a violation of White City Ordinance Section 14.56.040 to hold an organized game without first obtaining a permit.
